

We have had so much fun this week. We have discovered ordinal numbers and had lots of fun racing outside! We even gave out medals to the children who came in first, second and third place.

We had enjoyed learning about Chinese New Year and tasting the yummy food. We have made hats to show whether we were born in the year of the Dragon or Rabbit.

We are recognising lots of numbers and have enjoyed learning maths through our love for Ninja Turtles! We have got quite messy this week as we form our cursive letters in flour.

We have had so much fun and hope to see you next week!
