

### **Our vision for Physical Education (P.E.)**

At Windmill Hill Primary School we believe PE and Sport play an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better.

Through PE and Sport, our children learn to develop the important qualities of discipline, resilience, communication, team work, and ambition, leading to improved concentration, attitude and academic achievement.

We have welcomed the Government's announcement to provide additional funding to improve provision of Physical Education (P.E.) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our children.

### **Sport Premium Grant**

Schools receive P.E. and sport premium funding based on the number of pupils in years 1 to 6 as at the annual census in January 2016. All schools with 17 or more primary aged pupils will receive a lump sum of £8,000 plus a premium of £5 per pupil.

<b>Total no of pupils in years 1 to 6 at Windmill Hill (From Jan 2016)</b>	<b>307</b>
<b>Total amount of Sport Premium Grant received in 2015/16</b>	<b>£9410</b>
<b>Total amount of Sport Premium Grant expected 2016/17</b>	<b>£9535</b>

### **What does the Sport Premium mean for Windmill Hill?**

*'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).*

In the academic year 2015/16, the funding was divided into three key areas for consideration; Physical Education, Healthy Active Lifestyles and Competitive Sport. The attached table gives details of the impact of the funding on pupils' PE and sport participation and attainment at the end of the academic year.
